Our Curriculum:

(Curriculum Overviews can be accessed on the school website)

Mathematics: The focus in Maths will be place value, mental strategies and methods for addition, subtraction, multiplication and division. Children in Y5 should already know the times tables up to 12 x12

English: This term, we will be reading the novel 'The Wild Way Home', which is linked to our History topic. We will write dialogue, explanations and newspaper articles. We will also be focusing on spelling, handwriting, grammar and punctuation.

Religious Education: This term we will study The Bible and its different versions along with the Christmas Story. We will make links between Bible passages and Christian behaviour which will focus on our Christian Values.

Science: Earth and Space: Children will learn about the position of the planets in our solar system and the movement of the Earth, both on its own axis and around the Sun. We will then focus on forces, including gravity.

Computing: In Year 5 Autumn Term Computing, the children will learn about Spam in their Online Safety lessons and the dangers it poses, this will include creating material to raise awareness of the dangers to other children. They will learn how to create simulations before using Scratch to code their Nativity project.

Topic (History): This term we will study Prehistoric Britain and the developments in technology. We will develop skills by interpreting information from a range of sources and conducting our own enquiries.

Music: SAMBA! The children will start to learn Samba music. They will play rhythms on a range of Samba instruments and learn how to listen to other parts whilst playing. Children may want to bring ear defenders for these lessons on Wednesdays.

Physical Education: This term we will focus on invasion games and net games with a focus on volleyball.

Art and Design: In Art this term, we will be studying the work of Peter Thorpe to create our own space paintings.

Design and Technology: This term in DT, we will be learning how to create a moving toy using cams mechanisms.

Relationships and Health Education (PSHE): Children will explore the theme of relationships focusing on friendships and Health & Wellbeing focusing on ourselves growing and changing.

French (KS2 only): We will explore where we live (town or country) and explore features of our town.

Autumn Term Focus Theme: A Blast from the Past

"A Blast from the Past!" takes children on a journey through time, exploring the changes in Britain from the Stone Age to the Iron Age. This historical study is enriched by their science unit on Earth and Space, where they learn about our planet's place in the universe. Inspired by the artist Peter Thorpe, children create abstract space paintings, blending art with their astronomical knowledge. In Design Technology, they apply their understanding of mechanics by building moving space toys that use cam mechanisms. The focus text 'The Wild Way Home' by Sophie Kirtley connects them to the lives of ancient people, offering a narrative bridge between past and present. A visit from the Wonderdome planetarium brings the wonders of space directly to their classroom, enhancing their understanding of both history and the cosmos.

Purple Mash: Children have access to this online platform at home, where they can enjoy educational games and use resources to enhance their learning. This will be used within school and available for children to use at home.

Home Learning

Spellings: Children will be given an age-appropriate spelling list every Monday in their Spelling Record Book and will be tested the following Monday.

Reading: In order to be competent readers, children need to read regularly at home and school. Parents/Carers are asked to encourage their children to read regularly and to read for pleasure.

We ask parents/carers to sign and date Reading Records every time you hear your child read (we expect a minimum of **four** entries/comments a week). This is an ideal opportunity to question your child on their understanding of the text, to improve their comprehension skills and vocabulary. In Year X, Reading Records must be brought into school on Monday, for teachers to sign and monitor. Children will be given opportunities to change their reading book every week.

Library (KS2 only): Children will have the opportunity to change their library book once a week. Year 5 library afternoon is **Monday** - Please ensure that your child brings their library book on this day if they wish to change it.

Maths (Year 1 to Year 6): Children will be given a weekly home learning task in Maths, to be given out every **Monday**, to consolidate the learning that has taken place in school during the week. This needs to be returned to their child's class teacher by the following **Monday**.

Multiplication Tables (Year 1 to Year 6): Children have got access to **TT Rockstars**, a maths programme focusing on multiplication tables [link](#). Please encourage your child to use this online programme on a regular basis. If you do not know your child's username and password please contact helpdesk@saintwilfrids.wigan.sch.uk stating your child's full name and class.

Home Learning Project: Children will be set a Home Learning Project, related to their termly focus theme. This is usually a practical task, which families can work with children on together and share in school.
