It would be helpful if you could discuss significant events and dates personal to your child to help them complete a time line of their life journey so far.

**Science:** Science units of work involve methods of enquiry and investigation. Scientific facts are taught, but more importantly, they are used to further learning and understanding. The aim is to develop an enquiring mind and the skills and techniques, to find the answers to questions in a reliable and systematic way.

### Autumn Term Focus Theme: WW2: Wigan at War

*"WW2: Wigan at War" delves into the impact of World War II on the local community, focusing on Wigan's role during the conflict. Linked to their history unit on local history, children explore how the war affected everyday life in their area. The focus text 'Letters from the Lighthouse' by Emma Carroll, along with war poetry, helps bring the era to life through personal stories and reflections. In art, children engage in a Make Do and Mend project, inspired by WWII designers Victor Stiebel and Norman Hartnell, learning the importance of resourcefulness. This is complemented by a Design Technology unit where they create poppy flowers using four to six sewing stitches, honouring the poppy as a powerful symbol of remembrance for those who lost their lives in war. To deepen their understanding, children participate in a WW2 workshop with authentic artefacts, and they also visit the Imperial War Museum, offering a powerful, hands-on connection to the history they are studying.*

### Home Learning

**Spellings:** Children will be given an age-appropriate spelling list every Monday in their Planner and will be tested the following Monday.

**Reading:** In order to be competent readers, children need to read regularly at home and school. Parents/Carers are asked to encourage their children to read regularly and to read for pleasure.

We ask parents/carers to sign their child's planner weekly and to initial and date their planner each time they listen to their child read. We expect a minimum of **three** entries a week. This is an ideal opportunity to question your child on their understanding of the text, to improve their comprehension skills and vocabulary. In Year 6, planners must be brought into school daily and teachers will sign and monitor them every Monday. Children will be given opportunities to change their reading book when they need to.

**Library:** Children will have the opportunity to change their library book once a week. Year 6 library afternoon is **Friday**- Please ensure that your child brings their library book on this day if they wish to change it.

**Homework:** Children will be given weekly home learning tasks in Maths and English, to be given out every **Monday**, to consolidate the learning that has taken place in school. This needs to be returned to their child's class teacher by the following Monday.

**Multiplication Tables:** Children have got access to **TT Rockstars**, a maths programme focusing on multiplication tables [link](#). Please encourage your child to use this online programme on a regular basis. If you do not know your child's username and password please contact [helpdesk@saintwilfrids.wigan.sch.uk](mailto:helpdesk@saintwilfrids.wigan.sch.uk) stating your child's full name and class.

**Home Learning Project:** Children will be set a Home Learning Project, related to their termly focus theme. This is usually a practical task, which families can work with children on together and share in school.
